According to his calculations Maud charges a higher rate than Texarkana Texas charges for both water and sewer services. Mr. Daniels was also upset that he was not informed of the service rate increases. Neesa Williams - 627 Cedar St. spoke to council concerning the water rates and questioned how the sewer rates were figured. Janice Maxa – 102 Fir St said that Mr. Daniels echoed her concerns and didn't feel the need to add anything. Preston White – 798 CR 1201 had questions regarding the increased usage the meter is measuring.*

7. Consider and take official action approving the 2025 Tax Roll.  
*Motion by Councilwoman Linda Price and 2<sup>nd</sup> by Councilman Boyd Sartin to approve the 2025 Tax Roll. Motion carried with no opposition.*
8. Consider and take possible action, if any, regarding Shannon Dwayne Smith's address to mayor and council concerning water meter placement costs for his dormant account. - Shannon Smith.  
*Mr. Smith advised Mayor and council that he was very displeased that his meter had been removed without his prior knowledge. He advised that it was the meter at some land outside the city limits that he owns but does not reside there as of yet. He informed mayor and council that he did not think it was fair that he to pay the 1475.00 fee for the meter to be replaced with a new meter. Mayor Clary stated that the policy was in place and didn't think it would be changed for one person. Mr. Smith said he wasn't asking to change policy, he just thought the fact he had to pay for the replacement meter was unfair to him. Councilman Boyd Sartin addressed Mr. Smith in an attempt to explain that the city had elected to remove all old meters and replace them with new meters at all active sites (current water customers) in order to save money. Mr. Smith said he understood that, but he was still upset that his old meter was removed without him being informed prior to its removal. Mr. Sartin again attempted to explain that all dormant water accounts (non-use for 4 years or more) were not eligible for a new meter replacement. The same complaint was heard from Mr. Smith and Mr. Sartin informed him that while it was unfortunate that the cost for installation and connection for water service would have to be borne by him that when the decision was made to upgrade the meters it was also decided that all old meters would be removed. This back-and-forth exchange continued for some time, until Mayor Clary requested that both parties return to their seats, and we would move on with the meeting.*  
*No action was taken on item #8, as no compelling information was offered by Mr. Smith making it necessary to make a different decision concerning the removal/replacement of the old water meter.*

9. Adjourn.

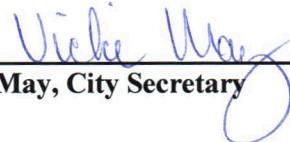

*Motion by Councilman Boyd Sartin and 2<sup>nd</sup> by Councilwoman Linda Price to adjourn meeting.  
Motion carried with no opposition.*
