Attendance: All members present

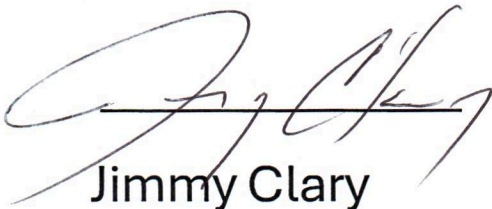

Business: Answer Questions of Mack Parker, owner of Maud Machine Shop

Mr Parker stated that he did not know anything about the MEDC but was wondering if the MEDC could help him with an expansion of his business.

With effort from all MEDC members questions were asked, answers provided and an understanding was reached on what the MEDC could and could not do.

Mr. Parker left the meeting knowing what the MEDC required and told the members he would get back with us.
